

## Book Report

**Due:** Thursday, September 6, 2018

**Directions:** Choose a non-fiction book about an ocean animal. Using crayons draw a picture of your animal in the box. On the line write the name of the animal and one thing you learned about your animal. It can be something simple. For example, if the report was about farm animals you could write "Something I learned about cows is they eat grass." Be prepared to share with the class what animal you chose and one thing you learned about the animal.
